Destroying Valuable Property.

Bloomfield Township as yet does not possess a town hall, but it does own some very valuable property in the beautiful shade trees that are growing upon most of the streets. They should be as carefully protected as any property. A good many of the trees are being destroyed as thoroughly as though some vandal were allowed to go about in the night with an ax and girdle them.

A few weeks ago a brief article appeared in this paper in regard to the damaging work which the electric current was effecting on the trees along the public ways. It was hoped then that it might lead to the cutting off of such limbs as came in contact with the electric wires, but so far as we can observe nothing has yet been done.

If any one regards this as a foolish notion gotten up for the express purpose of criticizing the town authorities he is mistaken. The writer after an examination of the trees is willing to affirm that the electric current is killing them. Almost all of the residents about the corner of Broad Street and Belleville Avenue testify to the actual burning which goes on among the branches of the trees thereabouts.

There are two fine trees at the crosswalk to the High School which were seen by the writer to burn one evening this week with such a bright light as to suggest that incandescent lights were fastened among their branches. On closer inspection it was discovered that the branches themselves were on fire. Residents of that vicinity can testify to the electric display in other trees, especially on wet evenings.

It must be that the authorities are positively careless of the one feature which makes our town attractive—its beautiful old trees—or they would not permit them to be mutilated or misused as supports for electric or telephone wires. Property owners should protest against it, as some have done. There was a great failure to save the elms from the beetles, but now too many residents seem disposed to sit still and see them burn.

On Tuesday night a large maple tree on Broad Street opposite Warren was ablaze and gave out nearly "1200 candle power." Without saying anything more about the killing of shade trees by carelessly running electric wires through them, the matter certainly ought to have some weight with the Township Lighting Committee when they see how they are robbing the Newark Light and Power Company by maintaining these extra lights in the trees. If the Light Committee is dead to any other light this one ought to receive attention.

College Graduates in Comedy.

In the presentation of "A Midsummer Night's Dream" by the alumnae of 95 of Smith College in Carnegie Lyceum, New York, last Saturday afternoon and evening, judging from an account of the performance, which appeared in The Sun of January 3d, it is a long time since any similar body has attempted anything as heavy as even a fairy comedy of Shakespeare, and the friends of the college, though prepared to applaud through good or evil repute, felt some trepidation, which was, as it turned out, uncalled for.

"Throughout the performance it was evident that the girls had been carefully drilled by a thoroughly competent instructor, as almost without exception, they spoke their lines with feeling and finish."

"In the action they were hardly up to the standard of their elocution, except in the broader comedy parts, which were delightfully given by the revellers."

The Sun's criticism is said to be a reliable one, dealing justly with the merits of the performance.

ESSEX HOOK & LADDER CO.
No. 1.

They Usher in the Year 1897 in Good Shape.

Essex Hook and Ladder Company has had many notable occasions during the fourteen years of its existence out the reception and "open house" held by the members of the Company on New Year's Day excelled all other efforts to please the public and added greatly to the popularity of old Essex.

Promptly at 4 o'clock, the hour set for the opening of the reception, the parlor doors were thrown open and a feast was displayed that would capture the heart of the late Ward McAllister. A long table was set in the rear of the room under the management of Caterer Joseph McCreary of Newark, and he, with the Committee, attended to the desires of the guests.

During the afternoon and evening 300 persons paid their respects to Essex and exchanged greetings. Prof. Carl Downs of East Orange presided at the piano and discoursed popular airs while the guests were at dinner. The entire house was trimmed with holly while the parlor was decorated with potted plants and palms generally loaned for the occasion by John Kasselbach & Son.

All the fire companies in the town were represented, also the Glen Ridge, Montclair and East Orange Departments. No one was turned away and everybody received a genuine welcome. Those whose business prevented them from going to the track house were not forgotten and the members of the committee took a dinner to them. In the evening there was singing by Prof. John F. Dillon, William L. Johnson and Frank N. Unanueg, aided by the members of the Company.

At 9 o'clock it was announced that a slaughter had been born to Mr. and Mrs. Frank Unanueg, and three rousing cheers followed by the Essex war cry were given for the new arrival. The reception was to have closed at 11 o'clock but owing to the arrival of some guests from the city it was 1:30 when the affair broke up. Among those present might be mentioned Rev. R. M. Aylworth, Harry L. Osborne, Alderman Gilbert Lawrence, Fisher and Haskell, Edwin A. Rayner, Myron G. Kelsey, Assistant Chief Engineers Higgins and Wieden, Foreman M. N. Higgins of Phoenix, John Doremus of Montclair, Charles Matthews, James C. Brown, Everett Brown, W. E. Smith of Glen Ridge, J. W. Fowler, Justice J. G. Post, Michael Walters, William Calmus, S. Morris Hulm, George W. Hopping, Joseph H. Tryon and Thad. S. Genin.

The bill of fare consisted of pickled oysters, roast turkey, roast pig, celery, cranberry sauce, fruit, candies, mixed nuts, coffee, cigars.

The Committee in charge of the affair were: William L. Johnson, chairman; Charles H. Johnson, Wm. U. Oakes, Alfred M. Stager and Frank N. Unanueg.

On New Year's eve at 12 o'clock the new year was ushered in with a display of fireworks by the members of the Company and by ringing 1-8-9-7 on the bell.

Mozart Club Concert.

The many friends of the Mozart Club filled Central Hall completely on Wednesday night, to listen to their first concert this season.

Eight numbers comprised the program making it a concert of shorter duration than usual, but the verdict of those qualified to express an opinion in matters musical voted it the best concert the club had ever given.

The soloists were Mr. Joseph S. Baerstein, basso, and Mr. Carl Schoner, violinist.

The work of the Mozart Club, under the leadership of conductor George E. Glanville, has reached a degree of excellence which is commendable. The youthfulness of the performers also lends a charm to the music which is indisputable.

The march, a number given by the string orchestra, awakened sympathetic appreciation and was on the whole a favored selection meriting the well deserved applause which it received for sweetness and harmonious chords.

Mr. Baerstein, as a soloist richly gifted in the qualifications of a bass voice, sang with such ease and feeling as to secure his position in the good graces of the audience, who, dissatisfied with only one selection applauded him to the echo.

Mr. Schoner's numbers were performed with happy results, eliciting commendation deservedly for the useful handling of that instrument whose harmonies are so delightful to the cultivated ear.

The names of the performers in the club at this, the eighth season, are: Violins, Miss Alice L. Seymour, Frank W. Spencer, W. Ellison Shepard, Chas. Hasler, J. A. Howe, Vivian Bryan, Gay T. Whitney; Viola, Wm. W. Wyper; Cellos, Morris E. Smith, Walter Cott; Flutes, Robert W. Gardner, E. Walter Morris; Clarinet, Edward W. Gardner; Cornet, Wm. T. Spencer, Jr.; French Horn, Frank M. Abbott; Piano, Maude K. Seymour; Contra Bass, Philip Embury.

TOWNSHIP COMMITTEE.

The regular meeting of the Township Committee was held on Monday night. All members were present except Chairman Stout. Vice Chairman Haskell presided. The following bills were approved and ordered paid:

William W. Young, Health Inspector, salary and extras, \$27.84; Bloomfield National Bank, interest on notes, \$362.50; Horace Dodd estate, rent 3 months, \$112.50; Thomas B. Baxter, insurance on election booth, \$5; Mathias Plum, printing ledgers, \$6.10; Henry Thompson, cleaning police station, \$5.75; William R. Hall, chairs for police station, \$1.65; John R. Baylis, half month's pay, \$30; Chas. F. Hummel, salary, \$20; Jas. Avery, salary and extras, \$21.35; Thomas McKane, salary, \$60; James Foster, half month's salary, \$30; Louis M. Collins, salary and extras, \$33.78; John Walea, salary, 8 days, \$16; S. Schuer, supplying poor account, \$135.56; Samuel A. Andrews, supplies poor account, \$26.12; M. Ambruster, milk, poor account, \$43.92; J. P. Scherr, medicine, poor account, \$1.75; F. C. Bucher, bread, poor account, \$20.09; Coggeshall & Smith, repairs to fire department, \$1.75; George Peterson, painting fire alarm boxes, \$12.10; James V. Nicoll, repairs fire houses, \$15; W. U. Oakes, road work, \$11.25; Bloomfield National Bank, interest, \$50.41; M. J. Callahan, special gutter, \$73.04; M. J. Callahan, crosswalk construction, \$198.99; Bloomfield National Bank, interest on sewer notes, \$532.50; Essex County National Bank, interest on sewer notes, \$630.14.

The Street Lighting Committee reported that the fire which destroyed the Newark Electric Light and Power Company's Plant left the town in darkness for several nights, and that the Company promise to have good service by Friday or Saturday night from the Power house in Orange, which is overtaxed at the present time. Mr. Lawrence said the lights were out on Monday night until after six o'clock, and that after that the lights were very poor.

Mr. Foster recommended the purchase of supplies for the fire alarm service amounting to \$40, and also to purchase six lanterns and a pair of rubber gloves, which was adopted.

The Water Company will be notified to have the plugs on the hydrants loosened. Considerable difficulty was experienced at the last fire on Park Avenue from this cause.

Treasurer Lawrence stated that the sewer construction account had been overdrawn, and he recommended that a note be drawn for \$2,500. Adopted.

A communication was received from Township Engineer Vreeland of Franklin Township concerning the boundary line between Bloomfield and Franklin. Engineer Olmsted said there was no dispute in regard to the line as established, and recommended the placing of monument stones. Counsel Halfpenny said that the lines were established by act of the Legislature.

Mr. Lawrence's motion to refer this matter to the maps and surveys Committee was carried.

Another communication was received from Miss H. A. Shibley in regard to the burning of trees on Belleville Avenue and Broad Street by the electric light wires. This was referred to the Lighting Committee.

Charles Callan desired to have his tax which is assessed in Bloomfield and part of it located in Glen Ridge Borough apportioned to the Borough. This was referred to the Committee on arrears of taxes.

Mr. Powers desired a reconsideration of the vote by which the use of the snow plough was prohibited at the last meeting.

Mr. Lawrence stated that Mr. Powers did not vote at all on this question but remained silent. He was not in favor of doing away with the town snow plough on account of the expense but because it relieved the people of the duty to clean their own walks of the snow.

Mr. Haskell said that some of the prominent residents of the Township did not approve of the action of the committee in discontinuing the use of the snow plough.

Mr. Powers again moved a reconsideration and Chairman Stout, who arrived while this matter was under consideration, seconded the motion for a reconsideration. He made extended remarks, said that he did not approve of the use of the town plough, and he would vote against its use.

"If you remove the plough the people will clean the sidewalks themselves" said Mr. Stout, continuing his remarks. Mr. Powers said that he did not care for the newspaper reports in regard to the use of the snow plough.

The vote to reconsider was lost, Powers and Haskell voting aye, and Stout, Lawrence, Foster, Gilbert and Fisher, no.

At 9:20 the Committee adjourned.
